Public Notice No. 829

(Filed under Rule 51.329(a), with Information Required by Rule 51.327(a))

Public Notice of Copper Retirements Under Rule 51.333

CenturyLink's (Qwest Communications) Internet address:

<http://www.centurylink.com/disclosures/>

Fiber-To-The-Home - Copper Retirements in Utah.

First Implementation Date: *June 1, 2020*

Original Date Posted: **January 6, 2020**

Summary:

Copper Retirements are necessary to respond to various factors in the Outside Plant, including road construction, maintenance problems, and growth accommodation. Replacement cables may be either copper or fiber. Specific information will be provided with each disclosure.

Description of any changes in rates, terms or conditions that will accompany the planned change(s):

As a general matter, the retirement of these copper facilities will not result in changes to rates, terms and conditions in cases where the affected service is converted to a like-for-like service that is available on the replacement fiber or copper facilities. Interconnecting entities, however, should review the applicable tariff or agreement for certain terms that may apply specifically in cases where the service is provisioned on fiber. In cases where interconnecting entities elect to replace the affected service with an alternative service that CenturyLink QC offers on fiber facilities, the rates, terms and conditions will be as set forth in the tariff or agreement under which CenturyLink offers the replacement service that the interconnecting entity selects. CenturyLink, separately from this notice, will provide interconnecting entities with further information regarding service migration options that CenturyLink offers.

**Locations, Timing of
Deployments & Interface
Requirements:**

The following gives additional details on the copper retirement(s):

STATE	WIRE CENTER	PLANNED COMPLETION OR RETIREMENT DATE	DA (s)	Job #	Replacing
UT	Salt Lake City Main SLKCUTMA	06-01-2020	323831	N.624228	<p>The Salt Lake City Airport Authority required CenturyLink to remove the Demarcation facility in Terminal 1. Therefore; CenturyLink will abandon its copper cables and transfer compatible working services to a Fiber Based Access to its customers.</p> <p>All Unbundled Copper Loops including DS-0 Channels will no longer be supported once the facilities are cut over to the Fiber To The Home architecture.</p>
